AND ENVIRONMENTAL SOCIOLOGY

**Invite you to the
Fall Seminar:**

The Role of Renewable Energy in Today's and Tomorrow's Electricity Markets

Economic and political factors driving the growth in renewable energy, and the challenges of managing the intermittent nature of renewable energy in the overall electricity system.

Faculty Club, University of Alberta

11435 Saskatchewan Drive, Edmonton

October 27, 2015 at 7:00 pm

Speaker: Brett Gellner, TransAlta Corp.

Speaker's bio:

Brett Gellner is the Chief Investment Officer at TransAlta Corp, and President of TransAlta Renewables. Brett is responsible for overseeing all key growth and strategic initiatives at both organizations.

Brett joined TransAlta Corp. in 2008 as Chief Financial Officer after spending 12 years in investment banking with CIBC World Markets. Brett has also worked in the mergers & acquisitions and corporate development groups of a large, publicly-traded forest products company and with a major international consulting firm, and was an economic analyst with the Government of B.C. During his career, Brett has been involved in over \$40 billion of transactions, including acquisitions, greenfield projects, IPOs, divestitures, takeovers and equity and debt financings.

Brett graduated from the University of Alberta with a MSc from the Department of Rural Economy, and holds a Chartered Financial Analyst designation. He also completed the Advanced Management Program at Harvard University.
